## An Exciting Season for the Kingdom of God

*"I personally want to thank everyone who has stood by us from across this nation and the world - plus those who prayed and financially supported us throughout this season."*

June and July have been a very exciting season for the Kingdom of God, both for us at Catch the Fire and for us as a family. On June 22<sup>nd</sup> at 1.42am my wife gave birth to a beautiful baby girl, called Brianna Hope. Brianna means 'Strength, Virtue and Honour', and Hope is belief and expectation.

We thank God for this precious gift. Brianna arrived the very same day we entered mediation with the Islamic Council of Victoria to settle the court case. I had only two hours sleep that night, but many prayed that the Lord would renew my strength.

### Court Case Settlement

The great news, which I believe many of you have already heard, is that the case is over! We reached settlement by 5 o'clock on June 22 and came to agreement, not having enemies but having friends. We thank the Lord that through settlement, the Islamic Council of Victoria agreed to recognize this country's democratic rights and acknowledge:

- that freedom of speech is a fundamental value
- the right to criticize the another religion is a fundamental value
- the right to robustly debate any issue

We signed, and it was sealed and delivered! It was wonderful to shake hands, put things behind us and move on. I personally want to thank everyone who stood by us, prayed and financially supported this court case and I thank God for this successful outcome.

It was a five-year battle, which cost approximately \$600,000 but it was fully worth it to see Freedom of Speech restored. We have won the right to continue to proclaim that Jesus is the only way to

heaven. Had we lost the case, we would have lost this right in Victoria for a season. However, with the new amendments to the legislation, which say that offending one's belief is no longer offending the believer, our freedom to speak out is assured.

Our court case has also impacted South Australia, Western Australia and New South Wales, as well as the British Parliament, and the US congress which all rejected the law.

Are we going to sit back now and say it's going to be alright? We cannot. We must keep pressing in until the Kingdom

of God comes on earth and His will is done.

### Prayer For Rain

A few weeks before the court case, the Prime Minister called the nation to pray for rain. The next day as I was praying God spoke to me, "The king has called the nation to pray. Will my prophets respond? Call the nation to pray three days from now and within three days from then, I will break the drought." In response, about 300 people gathered at the Fitzroy Gardens, Melbourne on ANZAC Day to cry out to God. We also made a prophetic declaration that within 72 hours the drought would begin to break.

We thank God that since then it's rained and rained. Many parts of Australia have experienced abundance. This drought is well on its way to being broken – the rivers are filling, the farmers are rejoicing.

After Anzac Day, when the media challenged me with, "What happens if it does not rain?" I replied, "If God said it, I believe it, then it's done! It will rain." All glory to God, after Anzac Day the rain came down and has continued. When you take a

stand for Jesus, He will never let you down. We need to praise and thank God for the supernatural rain which is about to come.

Pastor Sonny Ooi from Malaysia called me and said, "Pastor Danny, there is going to be a flood in the natural, and when you see this, watch out for a spiritual flood." I almost laughed then, because there had been practically no rain. Now floods have come in Tasmania, Queensland, New South Wales and Victoria in the natural. I believe we are on the verge of seeing a breakthrough! Let's continue to press in with everything we have, to see the fulfillment of our nation as the Great Southland of the Holy Spirit.

### "7/7/7" - A Day of Significance

Aware that this was our 7<sup>th</sup> year of Rise Up Prayer Meetings, I was waiting upon the Lord on 7<sup>th</sup> June 2007, when He spoke clearly to me. Seven is a unique, special number in the Bible with many examples in multiples of seven. He said, "Call my people to pray from 7am to 7pm on 7. 7. 7. I will covenant an intimate relationship with my nation of Australia, if My people will seek my face". The Lord then gave me

seven promises. We immediately organized a prayer meeting and got the word out. Straight after that,

we heard that I was not the only one the Lord rallied. He had released this call to

many others across the nations. The Nations of the world responded with tens of thousands gathering world-wide to seek the Lord's face. **It was a mighty, mighty history-making day!**

In Melbourne we had more than a thousand people meet for prayer, and across Australia thousands met in churches, halls and even in parks. Something broke in the Spirit. We are hearing of people getting saved, healed and delivered, and we are moving into a time where we are really seeing God's hand and His presence fall more across our nation.

In Nashville, USA, we know that there were more than seventy thousand people who gathered to seek the Lord. We pray, "Lord let Your Kingdom come, let Your will be done!" Available through the Catch the Fire office is a DVD explaining the seven promises of 7.7.7. We have certainly entered a new season! Let's ride the wave and see God's glory spread across our nation.

### National Thanksgiving Day Report – May 26, 2007

I was in prayer when the Lord spoke clearly about honoring the Fathers and Mothers in the Christian Faith in our nation. The previous generations must not be forgotten, nor the great things they established in the Kingdom of God. "Where there is honour, there is power." At this fourth National Day of Thanksgiving, hundreds of people gathered to honor these Mothers and Fathers in the faith, as they stood to worship the Lord and thank Him for what He has done in and through their lives. Personally, I was so thankful to the Lord for this wonderful opportunity, and as each person was tremendously blessed.

Pastor Richard Holland (founder of City Life Church) and Pastor Kevin Conner, (forerunners to Ps Kevin's son, Mark Conner's present-day church of over 7000 people), Belle Harris (the late apostle Leo Harris' wife), George and Nancy Forbes, Pastor Bert Hollingsworth, The Honorable Rev. Fred and Elaine Nile MLC, and World War II veteran Ron Stanton and his wife Marjorie were among those honoured. All were delighted to meet like this! Will their next meeting be in heaven? One of the highlights was the closing statement and prayer by Pastor Richard Holland, who is now 88. He told the people, "This was the best, in fact, the greatest meeting I have ever been to in my whole life!"

Recognition was given to the late Frank

and Hazel Houston for their great service. In their absence, we honoured other church leaders such as Cardinal George Pell AC, and Dr Peter Hollingworth AC OBE.

### Ministry Since 7.7.7

It's been an amazing season, serving in the Kingdom of God – not any particular denomination, but the Kingdom of God. **Highlights of Ministry include:**

- In June, I spoke at a gathering of possibly 300 Indians including many unsaved Hindus and Muslims. As the Christians began to praise and worship the Lord, His presence filled the building with tangible healings, deliverance and people set free. **29 people entered the Kingdom of God**, many of whom had had no previous exposure to Church or Jesus. Awesome!
- At an Anglican Church we saw many touched by the power of the Lord, excited and really thanking the Lord.
- In the Presbyterian Church, about 100 or more people gathered hungry for the power of the Holy Spirit to touch them. I shared for more than three hours and at 10.30pm, I believe, no one had left!
- After a meeting of about 200 people at a CRC Church, where the presence of the Lord was mightily present, they are now moving into different areas of prophetic gifting, speaking in tongues and prophesying. I praise God because we want to see people delivered, set free and brought into the freedom of the fullness of the Kingdom.
- A congregation of about 100 Sudanese (who had fled from persecution in their homeland) drew heaven to earth during the service and God mightily touched many. The Sudanese know how to worship the Lord. I would love to place them into a hundred different churches to stir the churches out of their apathy! Isn't it wonderful to see the body of Christ coming together? We thank God for the way the Lord has used *Catch the Fire Ministries* to impact many, many churches in the last two or three months.
- At an Arabic Congregation in Melbourne, I met a young Saudi man, who was about to join Al Qaeda in Afghanistan to fight with the Taliban against the coalition troops. He found the gospels on the net, met a Christian through a chat room and was saved!
- If what I experienced in Moruya and Batemans Bay on the South Coast of New South Wales recently, is duplicated, it is revival. At the breakfast for the pastors and leaders, these people were on their knees repenting, asking forgiveness from each other and from the Lord, weeping and confessing their sins.

I was so amazed to see the pastors hum-

bly confessing their sins to their whole congregation at every service I attended! This was especially amazing as, 14 months previously, when we launched the Rise Up Australia Prayer Meeting in Moruya with a handful of believers, the only church that welcomed me to preach (at the very last minute) was the Revival Centre. God moved that Sunday, resulting in them leaving this denomination and being set on fire for Jesus. The pastor has become a key leader in Rise-Up Australia in that region. The prayer meeting has risen to a new level as the Body comes together.

I had another great opportunity to minister where there were mainly Sri Lankan people who spoke the Sinhali language. *Read more on the website "Events/Testimonies" page.*
